Peer-Run Recovery Center

Empowerment, Advocacy, Support

History

Healthy Minds of Niagara (HMN) is a peer-run recovery center founded by Roger Marciszewski, in response to the government closure of a local clubhouse in the city of Niagara Falls. He approached local and state community administrators with his vision of opening up a non-for profit recovery center for individuals with a mental health condition where they could go to receive peer support, advocacy and referral services.

Progress

In two years, HMN has made great strides towards achieving their objectives. Under the guidance of their chosen fiduciary, Independent Living of Niagara County (ILNC) HMN's current goals are:

- Finalization of By-Laws
- Grant Development
- Funding.

Outreach

Individuals within the mental health community are welcomed to attend meetings, become a member, receive services and participate in HMN programs. Committee meetings are designed to achieve objectives set forth by members as HMN evolves into becoming Niagara County's leading source for peer support and advocacy.

Our Mission Statement

HMN is a Peer-Run Recovery Group dedicated to empowering individuals to find freedom and recovery from the stigma of mental health issues by offering Individual and Community Services; Peer Support; Life enhancement programming; Information and referrals as individuals realize their life choices and achieve their fullest potential.

Our Vision Statement

HMN is a Peer-Run Recovery Group dedicated to being the catalyst for empowering individuals seeking freedom and recovery from the stigma of mental health issues.

Community Support

HMN is supported by the following Agencies:

- Independent Living of Niagara County
- Community Missions of Niagara
- Mental Health Association
- The Dale Association
- Office of Mental Health.

Location

HMN is located inside Peer Recovery Respite, 344 Walnut St., Lockport, NY 14094. We also offer outreach meetings in Lockport, N. Tonawanda and look to add future locations.
